## ELA:

### Grammar:

[Roots trac. tract. and treat](#)

[Comparative adjectives](#)

[Superlative adjectives](#)

### Writing:

#### Narrative

We are learning to write narratives to develop real or imagined experiences or events using effective technique, descriptive details, and clear event sequences.

### Shared Reading:

The Watsons Go to Birmingham by Christopher Paul Curtis

[Chapter summaries](#)

## Science:

We are learning to identify the parts of plant and animal cells. We are learning to identify and communicate the function of the organelles of plant and animal cells. We are researching cells and their parts.

The following songs are good to listen to so students can memorize the parts of the cells:

[Cells RAP Link](#)

[Cells Song Link](#)

The following is a good game to play to remember the parts of cells:

[Cell Explorers](#)

## Reminders:

Literacy Night November 7 from 5-6 pm

Be sure to check class dojo daily. Progress Reports Nov. 5

Students can get on Progress Learning and iReady at home!!
